# GERMANS DROP AIR-BOMBS UPON NOTRE DAME.

## THREE PARISIANS SLAIN IN RAID OF AVIATORS.

Cathedral is Injured, Railway Terminal Threatened.

Western People Wounded and Bourse, Bishop's Palace and Other Buildings are Narrowly Missed. English Type of Machine Develops One Hundred and Fifty Miles an Hour in Recent Operations.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 12.—According to a late report of the aeroplane attack on Paris Sunday, the Paris correspondent asserts the bomb dropped on Notre Dame cathedral exploded and fell to a beam in the roof.

On Oct. 11—a score of bombs, of different quarters of the German aviators to the cathedral and injured the cathedral. The damage done to the cathedral was not serious. The bombs were dropped soon after the attack on the cathedral. The second Taube appeared to aim at the cathedral, while the other machine attempted to hit the northern and St. Lazare stations. The bomb which fell on the cathedral of Notre Dame was filled with an inflammable substance as a joist on the roof caught fire quickly. The flames were extinguished, however. Brig-Gen. Hirschauer, commanding the engineers of the entrenched camp in Paris, has been appointed director of the military aeronautic corps, replacing Brig-Gen. Bernard, who has resigned on request. A pennant which was dropped at the same time as the bombs from the German airplane Sunday bore the inscription in German: "We have taken Antwerp; your turn will soon come." Altogether twenty bombs fell. The Germans flew at a very low altitude. After they apparently had exhausted their supply of missiles, French aeroplanes also flew over the city dropping four bombs, one of which fell on the roof of the cathedral and exploded. A third bomb fell on the cathedral. A third bomb fell on the cathedral.

## WORLD'S NEWS IN TODAY'S TIMES.

Important Events of Yesterday: (1) Germans Again Attack Paris. (2) Villa's Men Driven Back in Atlix. (3) German Cavalry Repulsed Near Soissons. Antwerp Refugees are Invited Back. (5) Famine in Brussels. (6) Three Killed in Colorado Train. (7) Fredericks Delighted With Reception in North.

**INDEX.**  
PACIFIC SLOPE. Great Republican victory is predicted by the Times. In northern Progressive ranks. Johnson gets cold feet and refuses to debate in Santa Rosa with Fredericks.  
GENERAL EASTERN. Three persons are killed and fourteen injured when a great boulder slides down the mountain side and strikes a train in Colorado.  
WASHINGTON. An effort is to be made by the Democrats in Congress to pass the Alaska coal leasing bill before adjournment.  
REPUBLICAN SENATORS are not inclined to prolong the debate on the revenue measure much longer on account of the necessity of their being able to get out into the fall campaign.  
MEXICO. Five Americans have been shot and one killed in Naco, Ariz., by bombs fired on the Mexican side in the assault on Naco, Sonora.  
THE GREAT WAR. German cavalry forces are said to have been repulsed in the fighting near Soissons. The German Governor in command at Antwerp has invited the Belgians who have taken refuge in Holland to return to the city.  
The Germans attempt to drop bombs on Notre Dame cathedral in Paris, and succeed in killing three people and wounding fourteen.  
Fierce fighting is going on in East Galicia and Prussia, but little information is forthcoming concerning it.  
COMMENTS ON THE SITUATION. The moral effect of the fall of Antwerp is reported from German sources to be great and it is said that the big siege guns have been immediately dispatched elsewhere, presumably to some French fortification such as that at Verdun, for service. It is apparent that the allies must very shortly be in a position to report a signal success to overcome the feeling of depression that the Antwerp reverse must naturally give rise to.  
The question of the attitude of Holland, now that Germany is her near neighbor in Antwerp, is exciting some speculation. Whether she will allow the Germans to use the egress to the ocean by means of the Scheldt River or not is being debated. That she is disposed to stick to a hard and fast rule of neutrality was shown when she refused to sell food to the Germans in Brussels, which is reported starving.  
Meanwhile there is considerable speculation as to what is being done by the allies against the German army. The veil of secrecy has been drawn over the operations in Galicia and East Prussia, where the Germans recently were said to have suffered a setback.

**SUMMARY.**  
CITY. Clear. Wind at 5 p.m. 10 m.p.h. Thermometer, 57 deg. Forecast: Fair, with some weather. See page 1 of Part I.

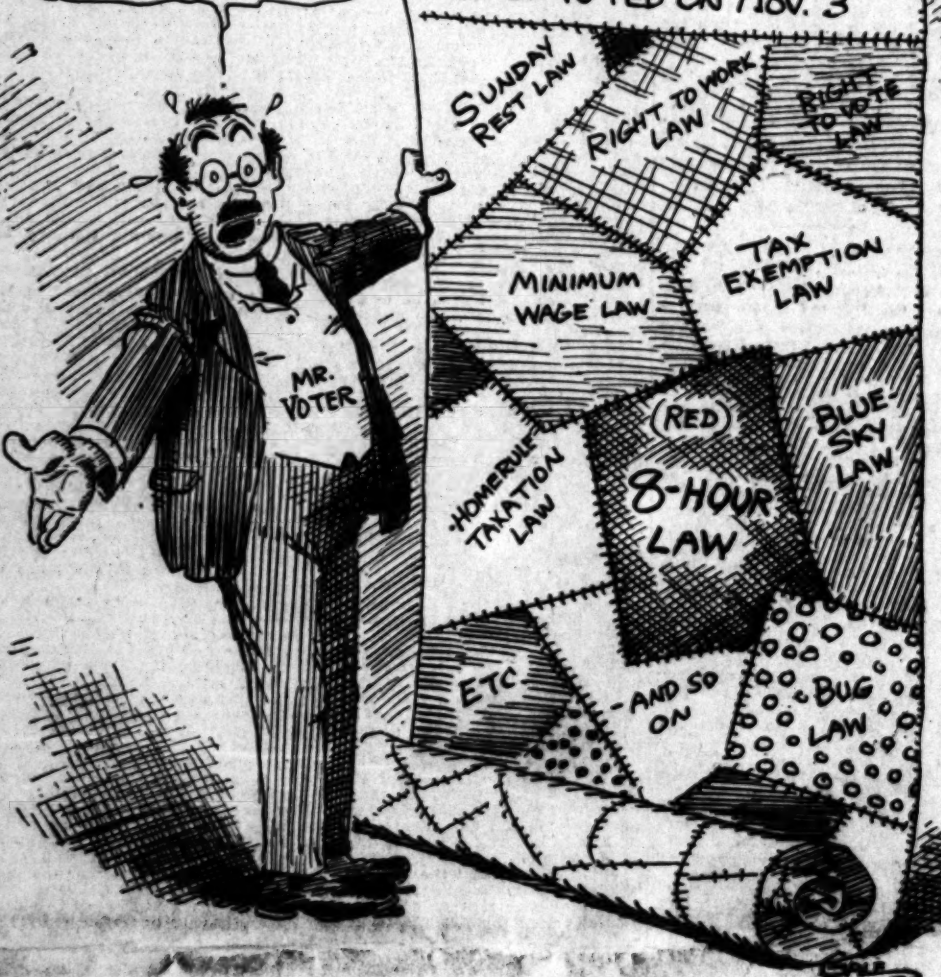

**CITY.** The week a child was born to a mother, the mother's age is 35. The child is a boy and is named John. The mother is a native of the city and is 35 years of age. The child is a boy and is named John. The mother is a native of the city and is 35 years of age.

**CALIFORNIA.** Pasadena. Pasadena is a city in California. It is a city of about 10,000 people. It is a city of about 10,000 people. It is a city of about 10,000 people.

**CALIFORNIA.** Pasadena. Pasadena is a city in California. It is a city of about 10,000 people. It is a city of about 10,000 people. It is a city of about 10,000 people.

## The Crazy Quilt.

—AND IT WOULD TAKE A PHILADELPHIA LAWYER TO UNDERSTAND ANY ONE OF THEM!

## ADVANTAGE LIES WITH GERMANS AFTER TEN WEEKS OF FIGHTING.

BY AN ASSOCIATE EDITOR OF "THE ARMY AND NAVY JOURNAL"  
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Oct. 11.—The vigorous pursuit by the Germans of the retreating Belgian army indicates that there will be some hard blows struck during the next few days in the German effort to capture Ostend. It is unlikely that they would use this port as a base for a move against England while the British fleet has the supremacy at sea. Any movement of transports across the channel would be certain to result in disaster.  
The advantage of Ostend to the German cause would lie in furnishing a harbor of refuge for their submarines, in case they should attempt a raid from Emden or Heligoland against the troop ships and freighters that are maintaining the British communications with their troops in the continent. Such a raid if successful might cause great loss of life and might have important influence in handicapping the British plan of operations. In any case it would have appreciable moral effect.  
Great Britain may be expected to make a strenuous effort to defeat the progress of this German move. For fighting on the defensive close to the base such as would be the defense of Ostend, half-trained troops can be depended upon to give a fair account of themselves. The protection of intrachannels helps greatly in giving back to the Russian border at Wirballen, while at the south end of the line of battle the Russian claim to have advanced to Lyck. Russia is practically cleared of German troops in this district but in the south the Germans have made a successful advance near to the Vistula River at just the point where it would have the greatest strategic result. By pushing forward through Southern Poland they threaten both Warsaw to the north and the Russian invading force in Galicia to the south.  
So serious has the success of the campaign in Galicia that Russia has allowed no definite news to be given out from the Tarnow district in the last few days. While the Austrian reports claim victories in Galicia, the reports from Russia pass over this district and claim victories on the East Prussian border. The advance of the Germans in the vicinity of the Vistula makes so unsafe the position of the Russians at Tarnow that it is not at all unlikely that the Germans may have retired from this position in order to concentrate their forces against the threatening German move in the north, thus following the principles emphasized by Napoleon.

(Continued on Fourth Page.)

## DISARMING OF GERMAN DIVISION IN HOLLAND, IS LONDON REPORT.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 11.—Scant are the actual details of the recent fighting between the allies and the Germans, who for four weeks have been struggling for supremacy in Northwestern France as contained in the latest official communication. "We have everywhere maintained our position," sums up the claims of the French War Office.  
At all points except one, that in the Woerthe district, German attacks are said either to have been repulsed or held. In the center between the Oise and Rhems slight advances by the allies are chronicled. In the Woerthe district the Germans have delivered especially vigorous attacks delivered by the allies in the effort to counteract the success of the Germans at Antwerp.  
The success of the Russian advance against the German army in East Prussia has forced the German line.

## INVADERS DEFEATED IN CAVALRY BATTLE.

Kaiser's Troops Reported to Have Abandoned Positions Near Soissons.

Antwerp is now Quiet after Days of Turmoil. Refugees Invited to Come Back from Holland—Brussels Threatened with Famine—Struggle now Going on in Galicia Shrouded in Mystery.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 12.—A dispatch to the Daily Mail from Rome says:

"It is reported here that the Anglo-French fleet off Ragusa, Dalmatia, Friday, sunk two Austrian torpedo boats, one of which was escorting a steamship laden with munitions of war. Their crews were saved. A torpedo boat destroyer is reported to have been injured by striking a mine."

LONDON, Oct. 12.—Germany has imposed a fine of £20,000,000 (\$100,000,000) on Antwerp as a war indemnity.

LONDON, Oct. 11.—An undated dispatch received by Reynolds's Weekly says that, according to Belgian soldiers near the Dutch frontier, a German division unwittingly crossed the border into Holland and has been interned.

LONDON, Oct. 11.—A dispatch to the Exchange Telegram Company from The Hague, dated Saturday, says that according to trustworthy information from Belgium, the Germans are advancing swiftly toward Ostend with the object of making the King, Queen and government officials of Belgium prisoners. It is said that the Queen has left for England.

LONDON, Oct. 11.—With the conclusion of that phase of the war of the nations which came with the fall of Antwerp the censorship has again drawn a veil over the fighting in the greater part of the European continent.

The French communication issued this afternoon deals only with the battle, or series of battles, which has been in progress for four weeks from east to west in France with an ever-extending line which now reaches northward from the elbow of a Noron, across the Belgian border at Armentieres.

This indicates that the battle in Picardy, comprising the Department of Somme and part of Oise, Pas de Calais and Aisne, in which the cavalry is participating on a scale not seen in previous modern wars, extends over a very considerable area. Here are many miles of open country where horsemen can maneuver with advantage.

**PROGRESS OF BRITISH.**  
Between the River Oise and Rheims, particularly in the region north-west of Soissons, where the British forces are entrenched, further progress has been made. It thus seems probable that the Germans have abandoned some of their strongly entrenched positions in his neighborhood. It is reported that sanitary reasons have compelled this, as the trenches in which the troops have been living for weeks have become the breeding places for disease.

## GERMAN OFFICIAL REPORT ON CAPTURE OF ANTWERP.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, Oct. 11 (via The Hague and London).—The German official report on the capture of Antwerp says: "The first shot was fired on September 28 against the outer line of forts. On October 1 the first forts were taken by assault. The River Nethe was crossed by the German infantry and artillery on October 6 and 7. On the 7th, Antwerp was notified that a bombardment was imminent and this was begun at 12:30 o'clock in the morning of October 8."

"Simultaneously an attack was made on the inner forts. On October 9 two of the inner forts were taken. At 2:30 o'clock on the afternoon of October 9 the city of Antwerp was occupied by German infantry without resistance upon the part of the Belgians, whose conduct was valiant. However, the effect of the German artillery, infantry and marine division in the first attack was such that resistance was futile.  
"A large quantity of supplies was taken by the Germans. The efficiency of the German troops was recognized by the Emperor in conferring upon Gen. Von Beseler the Order of Merit."

Los Angeles Daily Times

-to the Man Between Thirty and Fifty

Statistics prove that a man's accumulating period is between the ages of thirty and fifty. In these years either success or failure is settled. No "days of grace" are allowed.

Before a man reaches thirty years of age he has everything to gain and nothing to lose. At the age of forty, 97% of men meet with reverses and lose their entire accumulations.

Statistics again prove that at the age of fifty only one man in five thousand can recover his financial footing.

At the age of sixty, 95% of men are dependent upon their daily earnings or on their children for support.

If you do not securely lay up during the harvest, the drought of old age will catch you without provender at sixty.

Begin saving early in life, exercise caution, do not speculate. Follow this rule and your old age will be comfortable.

A Term Savings Account at this bank is the straight path to future independence. Your weekly or monthly savings will earn 4% interest compounded semi-annually. Why delay starting a "rainy day" fund?

War failed!!

Get this economic effect of advertising

WHILE staid old staples such as flour and sugar soared because of the European war crisis, nationally advertised articles have remained the same.

Makers of unadvertised "No-name" merchandise, because of little reputation to maintain, in some instances took advantage of the situation and raised prices.

—but the national advertiser, even when many ingredients in his product went up in price, hewed closer to the line, and KEPT HIS PRICE THE SAME. Yes, some even are giving greater values than ever.

This is the "home" nationally advertised merchandise. It is the "home" of Hart Schaffner & Marx good \$18 to \$40 clothes—nationally advertised and guaranteed—clothes that offer greater values than ever before.

—let them help you keep down the high cost of living and keep up your "look" to the Passing World. They mean style, fit, service, economy.

GERMANS SEND FOR REFUGEES.

Invite Belgians in Holland to Return to Homes.

Nearly a Million Quartered in the Netherlands.

Scenes Preceding Antwerp's Fall Heartrending.

Magnanimous.

Do not worry about a pain in your back. The worry will do you more harm than the pain. The serious diseases of the kidneys seldom or never produce such pains while the cause of most back-ache is muscular rheumatism, which is painful but never fatal. Lumbago is a form of muscular rheumatism, so is stiff neck.

Sufferers from any form of muscular rheumatism affecting the joints, should keep the general health at the highest standard by the use of a non-alcoholic tonic like Dr. Williams' Pink Pills, and eat good nourishing food without too much meat. Proper nutrition and good blood are the best means of fighting rheumatism. Medicines do not control the disease directly but a well nourished system will often throw it off. Rheumatism quickly thins the blood. Dr. Williams' Pink Pills act directly on the blood and as they build it up and strengthen the system there is an increased resistance to the rheumatic poisons. In this way many rheumatic sufferers have found complete recovery.

A book "Building Up the Blood" which tells about the treatment of rheumatism is free for the asking from Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

These things reduced the mortality to a minimum. Besides the long exodus by the roads to Holland, I saw a crowd estimated at 150,000 blocking the ferry and pontoon (at Antwerp) on their way to get trains to St. Nicholas and Ghent. The German guns were so placed that their shells reached every portion of the city during the last stage of the bombardment, the characteristic of which was the haphazard way in which the fire was aimed in all directions. No less wonderful than the scene on the roads was the scene on the river, where all day Thursday craft of every description were slipping downstream loaded with human freight. At dusk by the light of burning oil tanks, the civic guard sank six lighters so as to block the entrance to the inner basin of the docks. In the city the Belgians started many fires purposely, burning materials likely to be serviceable to the enemy.

"Some of the heaviest firing I heard during the entire bombardment of Antwerp during the last day of the morning. The Belgians continued blowing up forts and buildings likely to be serviceable to the enemy. A heavy pall of smoke obscured the sky. I left Antwerp Friday. The report that the city had been burned untrue, probably being due to the impression created by the smoke from numerous isolated fires in various parts of the city.

"The German entry into Antwerp was quite profitless, as no stores of munitions of any importance were left there. The Belgian force, whose movements it is not permitted to disclose, are still full of fight. In fact, the German entry into Antwerp may prove disadvantageous to the Germans."

THE MOON

For thirty-eight years, J. W. Moon made good buggies in St. Louis.

The Moon buggies were known throughout the Middle West, where a vehicle must stand hard wear and tear.

For nine years, J. W. Moon has built good automobiles.

The Moon car is known throughout the United States as a car that will test out in every way.

One reason for this is Mr. Moon's experience. He is number five in the list of oldest automobile builders of America.

Another reason is found in the unlimited resources at his disposal.

A third reason is that Mr. Moon believes in using the most highly perfected parts—whether the exclusive product of a famous specialty manufacturer or made in the Moon factory.

As a result, in the Moon you will find a car that is worth your money.

Through the sand, up the mountain side, on the crowded city street, in the mud, on the wet pavement, the Moon meets every requirement.

A beautiful car—a car that endures—a car that is modern in every detail.

That's the Moon.

In this space in the days to follow we will study the Moon.

If you are auto-wise or auto-interested, watch it. If you are just a casual reader, read it. There'll be something in it worth reading—about the Moon.

WILL PROCLAIM FERDINAND KING.

ROUMANIAN COUNCIL OF MINISTERS TO ADMINISTER OATH TOMORROW.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 11.—A dispatch to Reuters' Telegram Company from Bucharest, Roumania, under date of yesterday, relative to the death of King Charles, says:

"The Council of Ministers met in extraordinary session today. The leaders of all parties being present. It was decided to convene Parliament tomorrow to proclaim Crown Prince Ferdinand King and to administer the statutory oath to the new monarch."

The message adds the following concerning the events immediately preceding the death of the King: "King Charles was seized with an illness last night. His physician was summoned and pronounced his condition grave. The Queen watched all night by His Majesty's bedside."

RUSH RELIEF TO PRZEMYSL.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 11.—The following dispatch has been received from Rome by the Exchange Telegraph Company: "It is stated from Vienna that two Austro-German columns, rushing to the relief of Przemyśl, Galicia, reached Dynow and Pleszow (both towns in Galicia, south of Przemyśl) respectively on Saturday."

RUSSIANS HAVE PLENTY OF CASH.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 11.—A Havas agency dispatch from Petrograd says: "The moratorium expired on October 9 and all the accounts of the banks were paid as punctually as in time of peace."

CHOLERA SPREADS OVER AUSTRIA.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 11.—The Rome correspondent to the Exchange Telegraph Company says that according to a Vienna dispatch cholera is now spreading over the entire dual monarchy, new cases averaging forty daily.

LIEUT. BROOKE DIES OF WOUND.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 11.—Lieut. George Brooke of the Irish Guards, son of Sir George Frederick Brooke of Dublin, has died of wounds received in action. Lieut. Brooke was born in 1877.

ITALY HAS NEW MINISTER OF WAR.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 11.—A Havas agency dispatch from Rome says that King Victor Emmanuel has named Gen. Zupelli to succeed Gen. Grandi as Minister of War. Gen. Grandi resigned because of newspaper criticism.

**HUGE ROCK HITS TRUCK**  
Twenty-ton Boulder into Day Coach  
Three Persons Killed, Seven More are Injured  
Wreckage is Hauled to Mountain Street

At 11 o'clock yesterday morning a twenty-ton boulder, which had been dislodged from a mountain side, fell into the path of a day coach on the Santa Monica branch of the Pacific coast railway. The coach was carrying passengers from the city to the beach, and the boulder struck it just as it was about to enter the city limits. The impact was so great that the coach was crushed and the passengers were killed or injured. The wreckage was hauled to Mountain street and the bodies of the three persons who were killed were taken to the hospital. The other seven persons who were injured are now in the hospital, and it is expected that they will recover.

**KE KILLION**

## BUSINESS CLASS

[illegible]

"After Monday it was merely a

tion of enduring the terrible  
 of a large proportion  
 of the Belgian troops went  
 Monday and Tuesday to  
 a eventual line of retreat. A large  
 of British marines ar-  
 rived Tuesday morning.  
 "Eventually the Germans mounted  
 42-caliber guns. They were  
 enabled to fire with great accuracy,  
 through their observation balloons,  
 although owing to the cold and heavy  
 fog their operations were sometimes  
 suspended. The British naval gunners  
 brought one balloon down with a  
 pound of lardite, after shrapnel had  
 proved ineffective.  
 "Ability to hit back weight for  
 weight was the one crying need at  
 the moment, and the British made a  
 desirable conclusion—that the day of  
 the tank is over. The supposed im-  
 pregnability of British armor reads  
 almost like the giant howitzer.  
 "One of Brailmont's great weak-  
 ness almost bled from sight in con-  
 sequence of the British tanks. The  
 foundation of the British was shattered  
 by the tanks. The others are shattered  
 by the tanks.  
 "I understand that the British naval  
 force saved all its wounded and  
 alive. The Belgian army is still in-  
 tact."

**GRANT CHARGES FRAUD.**  
 He Called Lodt Senator Announced  
 He Will Bring a Contest in the  
 State Senate.  
 (BY A. P. MONT WHEAT)  
 LODT, the Republican of E. M.  
 Grant, defeated in the recall election  
 held in San Francisco last October, is  
 spending a week in Lodt, an-  
 nouncing today that he will bring a  
 contest before the State Senate charg-  
 ing fraud upon the recall petitioners  
 circulated against him.

## THE CITY AND ENVIRONS. EVENTS BRIEFLY TOLD.

**Personal Efficiency.**  
The opening of the class in personal efficiency at the Y.M.C.A. takes place this evening. The three speakers tonight will be Jesse D. Burks, Dr. C. W. Hall and D. W. Jones.

**O.E.S. Card Party.**  
Wishbone Chapter U. R. Order of the Eastern Star, will give a card party Wednesday afternoon and evening in their hall at Third and Western. Mrs. M. F. Anderson will be in charge.

**To Entertain Y.M.I.**  
The management of the Superba Theater will entertain the local membership of the Young Men's Institute and their friends at the performance this evening. In addition, Floyd Reese, of the Y.M.I. will contribute band selections.

**To Debate Consolidation.**  
A public debate on "The City and County Consolidation Amendment" will be held at 8 o'clock this evening in Blanchard Hall. Attorney W. C. Shelton will speak in favor of the amendment, while Senator Gates will speak against it.

**Funeral of W. F. Ketcham.**  
Funeral services for the late William F. Ketcham, who died in Pasadena Saturday, will be conducted at 2:30 o'clock this afternoon at the residence of his daughter, Mrs. Edwin J. Brown, Jr., No. 657, South Grand avenue, Pasadena.

**Church Brotherhood Session.**  
The Los Angeles Hammer Club at its meeting at 2:30 o'clock this afternoon in room 294 Trinity Auditorium building will take up its fight in the interests of the red light abatement act. Rev. Baker P. Lee and Mrs. P. A. Rendall will speak.

**Church Brotherhood Session.**  
The Los Angeles Hammer Club at its meeting at 2:30 o'clock this afternoon in room 294 Trinity Auditorium building will take up its fight in the interests of the red light abatement act. Rev. Baker P. Lee and Mrs. P. A. Rendall will speak.

**Celtic Club Meeting.**  
After a summer recess the members of the Celtic Club will reunite tomorrow evening at the clubrooms, No. 551 South Broadway. Dr. Ian MacLaren will be the guest of honor and will speak of his adventures in the remote corners of the world. Dr. W. T. McArthur, a former president of the club, will give an account of his experiences during his recent trip to Europe. Prof. James Main Dixon will address the club on the Celts in Belgium. There will also be a program of instrumental and vocal music.

**Paving Contracts Let.**  
Los Angeles Company Gets Work at Upland—Pastor Resigns His Berth.

**UPLAND, Oct. 10.**—The contract for the improvement of San Antonio avenue, one of the important north and south thoroughfares of this city, has been let to the Southern California Contracting Company of Los Angeles. The bid being \$1,142,100. There were a number of bidders in the field. The work is to be pushed as rapidly as possible.

**The Twelfth-street contractors,** the award to whom was made less than two weeks ago, are getting their apparatus on the ground, and it is said they expect to have finished before the winter holidays. Twelfth street is the connecting link through Upland for the State highway.

**San Antonio avenue improvement** calls for concrete pavement for the entire width of the street, with curbing higher than the crown of the street, thus securing an effective drainage for the excessive storm waters, such as created havoc last winter.

**NEWS BRIEFS.**  
Rev. Michael Horach, for several years pastor of the First Mennonite Church, has tendered his resignation and will enter the evangelistic field. A number of applications for the local pastorate are being considered, but thus far no selection has been announced by the board.

**Friends have received invitations** to the wedding of Benjamin L. Hyer and Miss Mary Adeline, daughter of Rev. and Mrs. C. C. Burkholder of Upland, on Wednesday, October 14. Both are well known and popular young people of this city, where they are to make their home.

## "PROGRESSIVES" DISAPPOINTED.

Schism in Berkeley Stronghold is Severe Blow.

Republican Victory Predicted in Every Quarter.

Johnson Dodges Fredericks at Santa Rosa.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)  
SAN FRANCISCO BUREAU OF THE TIMES, Oct. 11.—Capt. John D. Fredericks today expressed himself as immensely pleased with the reception accorded him in Oakland, Saturday night. The meeting at MacDonough Theater was one of the most enthusiastic of the campaign. The crowd that heard him was with him from the start and the spontaneity of its applause was exceedingly gratifying to the Republican standard-bearer, coming as it did, from an audience representing all parts of Alameda county—stronghold of the "Progressives."

The Republican candidate for Governor devoted a large portion of the day to conferring with William Bohin, chairman of the Republican County Central Committee of Los Angeles; Francis V. Keessling, chairman of the State Committee; Walter R. Bacon, C. J. Sullivan, his manager, and party leaders.

During the afternoon he crossed to Oakland and passed several hours of handshaking. He rested tonight preparatory to starting out again Monday morning on a tour through Napa, Solano, Sonoma and Mendocino counties.

What gave Capt. Fredericks great satisfaction at his Oakland meeting was the pledges of support from the Mayors of Oakland, Berkeley, Alameda and Emeryville. None of these officials want Hiram Johnson re-elected. The Progressives were very badly disappointed when Mayor Charles D. Heywood of Berkeley announced that he was for Fredericks.

Mayor W. H. Christie of Emeryville is a Democrat, but has promised to support Capt. Fredericks and Congressman Joseph R. Knowland in the following words:

"I am registered as a Democrat, but I believe that the best interests of the State demand the election of Capt. John D. Fredericks as Governor and Joseph R. Knowland as United States Senator. I shall vote for them on election day."

Capt. Fredericks is scheduled to speak in Santa Rosa Tuesday night. Gov. Johnson was billed to speak there Tuesday afternoon, but when he learned that the Republican standard-bearer would have an opportunity to show up his many false claims to credit for advanced Republican legislation the same night, and before a Santa Rosa audience, he canceled his engagement.

**JAMES D. PHILAN HERE.**  
James D. Philan, Democratic candidate for United States Senator, formally opens his Southern California campaign tonight at Long Beach. He speaks from the Forum. During the day he will be the guest of the Women's City Club of Los Angeles at its luncheon in Blanchard Hall. Later he addresses a gathering of Democrats in Symphony Hall.

**ELLIOTT H. BARRETT, candidate for Justice of the peace, will speak tonight on the amendments before the Business Woman's Civic League in the lecture hall of the public library.**

**BOLL SAVES LIFE.**  
Miss Irene Banning, 17 years of age, No. 423 West Twenty-first street, just escaped with her life early last night when she was jolted from the rear of an automobile truck at Pasadena avenue and Avenue Twenty-four and fell on the Pacific Electric tracks before an inbound three-car train. Miss Banning had just time to roll herself from the tracks when the train rushed past. At the Crocker-street Hospital she was treated for bruises about the legs and back.

**BUSINESS BRIEFS.**  
For quick action drop answers to Times "In a Minute" liner boxes in downtown office buildings. The locations of the boxes are printed in the first column of the Times "In a Minute" section.

**"Cost sets" for the ladies—a new shipment has just been received. Organize, please, and linen sets of collar and cuffs, 45c to \$3.50. Harris & Frank, Spring near Fifth.**

**The Times Branch Office, No. 619 South Spring street. Advertisements and subscriptions taken.**

**Rev. Michael Horach, for several years pastor of the First Mennonite Church, has tendered his resignation and will enter the evangelistic field. A number of applications for the local pastorate are being considered, but thus far no selection has been announced by the board.**

## THE WEATHER. (Continued from Page 1)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Oct. 11.—(Reported by Fred A. Carpenter, Local Forecaster.) At 5 o'clock a.m. the barometer registered 29.91; at 5 p.m., 29.82. Thermometer at the corresponding hour showed 58 deg. and 68 deg. Relative humidity, 5 a.m., 74 per cent.; 5 p.m., 60 per cent. Wind, 5 a.m., northeast, velocity 5 miles; 5 p.m., south, velocity 2 miles. Highest temperature, 70 deg.; lowest, 67 deg. Rainfall for month, 20 of an inch. Barometer reduced to sea level.

**STATE FORECAST.**  
SAN FRANCISCO, Oct. 11.—Forecast: Partly cloudy, becoming overcast by night; light southeast wind. Increasing clouds Monday, becoming threatening by night; light south wind. Santa Clara Valley: Increasing clouds Monday; light south wind. San Joaquin Valley: Fair Monday; light south wind. California, south of the Tehachas: Fair Monday; light south wind.

**ARIZONA FORECAST.**  
WASHINGTON, Oct. 11.—Forecast for Arizona: Generally fair and cool; Tuesday, Tuesday, 70 to 80; Wednesday, 65 to 75; Thursday, 60 to 70; Friday, 55 to 65; Saturday, 50 to 60; Sunday, 45 to 55. YUMA (AZ), Oct. 11.—Forecast: Partly cloudy, becoming overcast by night; light southeast wind. Yuma River, 10.25 feet.

**THOUSAND-DOLLAR ANGORA STOLEN.**

"Dolly Varden," the \$1000 Angora cat, owned by Mrs. Bessie Bridges of San Francisco, which during the past week has been the center of half a dozen daring escapes from Mrs. Bridges' apartments in the Clark, only to be stolen yesterday, was recovered by Police Detectives Beaumont and Bean and late last night returned to Mrs. Bridges, who is to leave for Chicago tomorrow.

Mrs. Bridges purchased the cat from a dealer in this city two weeks ago. Since the cat has escaped many times but always has returned or been found before it had time to travel far. Yesterday Mrs. Bridges boxed the cat for shipment to Chicago and carried her to the entrance of the Clark. Turning to call a taxi, Mrs. Bridges took her gaze from the box containing the cat, and someone carried off box, cat and all.

Detectives Bean and Beaumont early yesterday evening discovered Dolly, hungry and wet, near First and Spring streets. The cat was still in her box. At Central Police Station, where Dolly was taken, no report of a missing Angora cat could be found and Dolly was placed in the care of Ambulance Driver Denny, to await developments.

Mrs. Bridges yesterday learned that the cat was quietly spirited away from the Police Station and last night called to identify the feline. With a cry of joy, Mrs. Bridges recognized Dolly.

Tearing the slats from the box, Mrs. Bridges attempted to take Dolly in her arms, only to see her get rattled out of the station with three policemen in hot chase. Six blocks from the station, Denny recaptured Dolly and turned her over to Mrs. Bridges.

According to Mrs. Bridges, the cat had escaped five times before she was stolen yesterday. Mrs. Bridges made her escape while Mrs. Bridges was stopping at the Alexandria and the other times from the Clark. "I am going to keep my eye on this cat," declared Mrs. Bridges yesterday. "I am going to take Dolly to Chicago with me if it requires a year to get her there."

**AUTO BUSES MUST PAY.**  
Riverside Preparing to Tax on Same System as the Trolley Lines, Two Per Cent of Gross Revenue.

(LOCAL CORRESPONDENCE.)  
RIVERSIDE, Oct. 11.—The extent to which automobile bus lines are affecting the business of the trolley lines in Southern California, and the advisability of the adoption of measures which would place the buses under practically the same regulations as the railroads, has been discussed by the Chamber of Commerce.

The president was authorized to appoint a committee to take up with the City Council and the Board of Supervisors the matter of automobile transportation and its regulation.

The requirement of a franchise was suggested, and the annual payment to the city of 2 per cent of gross revenues, as is required of the Pacific Electric in this city.

**ORANGE CONGRESS.**  
The plans of the general committee in charge of the proposed international orange congress, designed to commemorate the fortieth anniversary of the founding of the naval orange industry, were given enthusiastic endorsement by the Chamber of Commerce.

## LEFT HAND IS BLOOD-COVERED.

Turning that Way Big Cause of Street Accidents.

Illuminating Report by the Traffic Department.

Seven Killed, Two Hundred Hurt in Month.

**DON'TS FOR MOTORISTS.**  
Don't speed.  
Don't cut corners.  
Don't travel on left side of street.  
Don't neglect to keep brakes in order.  
Don't follow preceding machine too closely.  
Don't turn to left without signaling or making sure you are clear of approaching machine.

**DON'TS FOR PEDESTRIANS.**  
Don't cross street running.  
Don't cross street in middle of block.  
Don't step into street without first looking to the left.  
Don't step from curb for your street car until latter is clear.  
Don't cross behind street cars or other vehicles without looking to right.  
Don't cross street except in compliance with signal of traffic officer.

Seven persons were killed, and 140 men, thirty-six women, and fifty-two children were injured in traffic accidents in Los Angeles last month. Of a large proportion it was reported: "The accident was unavoidable."

But J. L. Butler, traffic lieutenant of the Los Angeles police department, specialist in his line, safety first advocate and tabulator of the accident record, disavows. Said he yesterday: "Ninety per cent. of all traffic accidents are avoidable."

"The greatest single cause of traffic accidents are vehicles turning to left. By exercise of ordinary caution all such accidents can be averted."

"The safety-first ideal is attainable. Traffic rules are made to expedite traffic and prevent accidents. If every body complied there would be but few accidents. In most cases where an accident occurs, the law has been violated."

A feature of Lieut. Butler's compilation is that the average number of accidents a day during September was thirteen. Of 384 cases reported, 224 resulted in personal injuries. Of the seven fatalities all were male adults. Three were killed by motor cars and four were killed by trains, a remarkable percentage.

The blame for the three motor fatalities was directly traceable, and the four men killed while crossing tracks or walking the track were reported to be under the influence of liquor.

"Sixty-seven traffic accidents last month resulted from a vehicle turning to the left," said Lieut. Butler. "It is no exaggeration to say that such a person was to blame in each instance. Either the driver of the machine which turned misjudged the distance in which he could clearly turn without colliding with an approaching car, or he failed to give proper signals, or another car driver or pedestrian was to blame by failure to heed the signal given."

"Another great cause of traffic accidents is a driver failing to observe the right-of-way rule. No driver has paramount precedence at crossings. By State law and city ordinance the vehicle approaching from the right has the right of way. For instance, if I am driving south on Broadway and a machine approaches from Third street going east, it would have the right of way. A machine going west on Third would have to wait for me because I was on its driver's right."

"Rear-end collisions are another great cause of accidents. If drivers kept their machines under control and kept a fair distance between themselves and a preceding machine such accidents would not result."

"Pedestrians contribute to accidents as much as drivers. How often do you see people stepping from behind street cars or other vehicles with never a look to see if the path is clear? How often do you see men and women hurrying across the street and dodge one vehicle to find themselves being run over by another? The rule for a pedestrian crossing streets is 'keep your wits about you.'"

The following is Lieut. Butler's official tabulation of accident causes:

Vehicle turning to left..... 24  
Pedestrian crossing in front of vehicle..... 24  
Pedestrian crossing in rear of vehicle..... 24  
Pedestrian crossing in middle of block..... 24  
Vehicle cutting corner..... 24  
Vehicle cutting corner..... 24  
Vehicle cutting corner..... 24  
Vehicle cutting corner..... 24  
Vehicle cutting corner..... 24  
Vehicle cutting corner..... 24

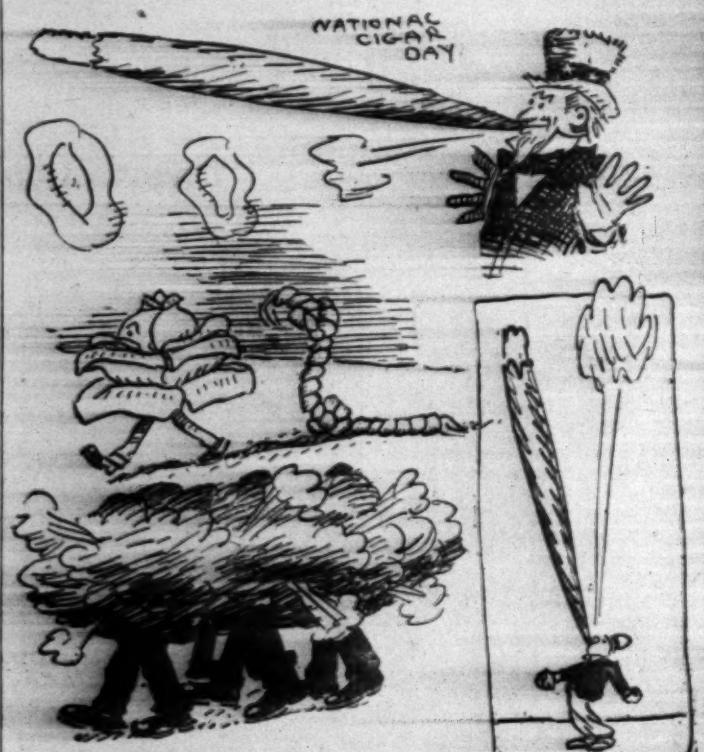

**DAST RITES TODAY.**  
Funeral services over late Y.M.C.A. Head will be conducted at West Adams Presbyterian Church.

The funeral services over W. R. Bartlett, late president of the Y.M.C.A., will be held this afternoon at 2:30 o'clock at the West Adams Presbyterian Church, No. 1455 West Adams street, and will be conducted by Mr. Bartlett's pastor, Rev. W. H. Bartlett, assisted by Rev. Dana W. Bartlett. There will be no services at the cemetery.

The honorary pallbearers are Dr. M. N. Avery, J. M. Elliott, J. G. Warren, Harry Chandler, D. E. Luther and O. T. Johnson. Horace Mann, J. S. Rice, C. F. Quillian, George Parsons, Hirschel Griffin and A. R. Black will serve as active pallbearers.

Seats at the church will be reserved for the officers, directors and employees of the German American Trust and Savings Bank and for the board of directors, Committee of Management and the secretaries of the Young Men's Christian Association.

## No, That's No War Cloud That You See

Because it's National Cigar Day.

It will be celebrated in this city by free smokes for patients in the hospitals and prisoners in the jails, also by a big banquet at the Westminster tonight. No two-fers need apply.

Convention.

## NURSEYMEN OF STATE TO MEET.

WILL EXCHANGE VIEWS THREE DAYS AT SAN DIEGO.

Leading horticulturists figure in program for Thursday, Friday and Saturday—Will be guests of Exposition Officials Saturday on tour of grounds.

An elaborate program will mark the fourth annual convention of the California Association of Nurseymen, to be held next Thursday, Friday and Saturday at the U. S. Grant Hotel in San Diego. Many horticulturists from all parts of the State are expected to attend and those in charge of the affair have promised to break the monotony of meetings with various entertainments, a big feature of which will be a visit to the Panama-California Exposition buildings and grounds.

Experts and students of horticulture, together with other interesting speakers, have been secured to address the convention. The proposed new eight-hour law will be discussed by Leonard Coates of Morganhill, "Treating Refractory Soils with Dynamite," by John G. Morley of San Diego; "Smirna Pig Culture in Europe and in California" (illustrated with over sixty colored slides) by George C. Reed of Fresno; "Some Phases of the Transportation Problem," by J. D. Meriwether of Los Angeles; "Rabbit the State Destroyer in the West," by John T. Sweet of Martinez; "Present Quarantine Methods and Suggestions for Improvement," by H. A. Weiland of San Diego; "The Hellenic Law and the Plantman," by Dr. A. D. Houghton of Los Angeles; "Recent Lessons in Lemon Culture," by R. C. Allen of Bonita; "The Exposition Beautiful: Its Educational Value," by Frank P. Allen, Jr. of San Diego; "The Avocado: the Situation as it is Today," by E. G. Popenoe of Altamira; "San Jacinto Valley Development," by W. S. Guilford of Willow; "The Panama-California Exposition: the Right of Way," by H. O. Davis of San Diego; "The Home Garden and City Beautiful in 1915," by Ernest Braumton of Los Angeles; "Why Not Grow Apples in this Coast?" by E. Beards of San Diego.

The association will be the guest Friday evening of the San Diego Floral Association when Alfred D. Robinson will deliver an address on "The Amateur Gardener and Nurseryman." On Saturday the association will be the guest of the exposition of fields.

**JAPAN AFTER HAT TRADE.**  
Already Preparing to Imitate Military America has Herebefore Imported from the Continent.

"Japan is actively preparing to profit from the European war by imitating military goods, formerly made in France and Germany, and used extensively in America," W. G. Ayers, military importer from New York city, declared yesterday at the Alhambra. "Labor conditions in Japan are favorable to an extension of this trade."

"Five buyers of a well-known wholesale firm of Chicago went to Japan recently with five trunks full of French and German goods to be copied by the Japanese. The five included silks, ribbons and imitation flowers for hats. The Japanese, who are noted for their foresight, are going right after this business."

"This line of goods cannot be imitated in America for the reason that labor is too high here. In Japan girls work for 20 cents a day. If Japan once obtains this trade the country will hold it. I think American merchants are unwise to encourage this Japanese trade for the reason that they are cutting competition that they will feel strongly later."

**MOTORCYCLISTS HURT.**  
Japanese and Wife Severely Lacerated When They Ride Against Side of Automobile.

George Chio, a Japanese, of No. 124 Park View street, with his wife, Reri Chio, were seriously injured early last night when a motorcycle on which they were riding crashed into the side of an automobile driven by Dr. F. J. Oids of No. 1724 Whitley avenue. The accident occurred at Wilshire boulevard and Vermont avenue.

At the Receiving Hospital, where the Japanese were taken, Chio was found to be suffering from a 17-inch laceration of the head, while his wife sustained lacerations of the head, face and back. According to Chio the accident was unavoidable.

Aroused by the crackling of burning wood, H. C. Sweetingham awakened yesterday morning to find his paint and wallpaper store at No. 225 East Washington street in flames. He was sleeping in a rear room. The fire department was called and held the damage down to \$200.

**STORE BURNS.**

Newton, J. Finkenstein, Charles Bennett, Morris Burke and T. B. Harris.

## WINDOWS BRISTLE IN CRIME RECORD.

PEEPER, FISHPOLE THIEF AND BURGLAR ACTIVE IN ONE DISTRICT.

Every report made to the University police division yesterday contained some reference to windows. A "peeper Tom" looked through a window; fishpole burglars angled for trousers through windows; windows were "jimmied," and windows were smashed.

Patrolman Cooke walking his beat noted Harold Monroe, 18 years old, crouched below the window of the residence of Mrs. S. J. Heron at No. 1023 West Thirtieth street. In the room were Mrs. Heron's two daughters. The "peeper" was walked to the street and reported she had called for the wagon the youth slipped away, and although Patrolman Cooke chased him to Twentieth street and Hobart boulevard, the fugitive escaped.

Mrs. C. Jones of No. 1021 1/2 East Thirtieth street reported she had found a pair of trousers and some underwear under her window. She was puzzled to know whence they had come. Patrolman Green looked up a previous report and learned that an angling thief had inserted a pole through the window of Mrs. Jones' house at No. 1025 East Thirtieth street and landed the trousers and underwear. The pockets had yielded the dryland fisherman \$1.00.

Mrs. A. H. Conger of No. 2546 Menlo avenue reported a burglar had "jimmied" the screen and raised a window of her home and was in the front room when she awoke. She cried out an alarm and the intruder leaped through the window and escaped, minus any loot.

A Santa Marie of No. 1250 East Thirtieth street reported a visit from the same thief who deprived Mr. Mass of a perfectly good pair of trousers. The two victims live but a block from each other. Mrs. Santa Marie's trousers were fished through the window and were left on the lawn. The thief realized \$7, a signet and a gold ring.

**ARIZONA TO ADVERTISE.**  
Expert Thinks California Will Profit by Publicity Campaign Planned by Neighbor State.

Arizona is preparing to bring its resources and advantages to the attention of the world with a comprehensive publicity campaign. The boards of trade and other civic and commercial organizations of the principal cities of the State are co-operating in this plan.

Harry R. Dean, an advertising expert of Chicago, and J. Russell Miller of the Read-Miller Company of this city, were in Arizona one week recently in the interest of the movement. Mr. Dean, accompanied by Mrs. Dean, is in Los Angeles, registered at the Clark.

"Conditions in Arizona are very favorable for the success of the plan," Mr. Dean said yesterday. "Crops are good and money seems to be plentiful. I believe the State will succeed in drawing thousands of new settlers to the Southwest."

"I think Los Angeles and all of Southern California will profit by this campaign. The new State is developing rapidly along all lines."

Mr. Miller, who had not visited Arizona for six years, said he was surprised at the wonderful progress there. He believes the business relations of Arizona and California are so intimate that one State cannot prosper without the other sharing in the benefits.

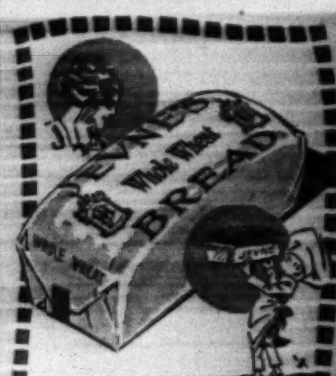

**STORE BURNS.**  
Aroused by the crackling of burning wood, H. C. Sweetingham awakened yesterday morning to find his paint and wallpaper store at No. 225 East Washington street in flames. He was sleeping in a rear room. The fire department was called and held the damage down to \$200.

Yes! Why? There Is But ONE.

JEVNE'S WHOLE WHEAT BREAD

—the Nutritive, Nerve-building, Tissue-forming Bread.

Thirty-Five Cents Won.

(Continued from First Page.)

men died and in order to settle the estate the probate judge ordered that the big hands be opened so that the winner might take the money. When it came to the show-down everybody expected a king-high straight flush on one hand and four aces on the other. What actually was revealed was two deuces in one hand and a bob-tail flush in the other.

Both men had drawn to straight flushes open at both ends.

The man who needed an ace for low had caught another deuce. He had held the winning hand, at that, and had died without knowing it.

It was the fact that each man knew himself beaten and not that either hand was unbeatable that had prompted their strange agreement to put the hands under seal.

The other case was at Louisville, Ky., although it started at Chickamauga, eight miles across the Tennessee line in Georgia. A rebel prisoner who was a southern colonel and a Union captain of the guard started playing poker together after the flight of Wilder's Brigade, which left the black oaks of Chickamauga twisted and gnarled from the mercurial rain of shrapnel. These men, then young, played through the Civil War and when peace was declared he moved to Louisville, where their game continued. They kept it up for ten years, when finally each got a hand on which he was willing to stake anything up to his life.

The northerner sold his business and the southerner his estate and each bet everything he had and have temporarily declared a truce, more money could be procured. The kept this up as long as either lived and the two hands have now fallen to the heirs of both estates. Each man left a son as stubborn as himself, and while they have stopped pouring their earnings into the thing and have temporarily declared a truce, the seal on the two hands remains unbroken and numbers of the world are speculating and mystery in the world of chance. Perhaps when the mystery is finally declared, it will be as simple as the other famous game, for it is human nature and not cards which sometimes count in poker. In the Louisville game both men stood pat, so that some day \$24,000 will change hands without the fall of a card.

**WOMEN FROM 45 to 55 TESTIFY**  
To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the change of life and had been in a very bad way for some time. I was weak and could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

Mrs. Lawrence Martin, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the change of life I suffered with pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

GREAT GUS FISHER OF PORTLAND LEADS BATSMEN

Beavers Hit Stride Again and Slip Away Out in Lead at Slugging, Much to Tigers' Sorrow — Dillon Stays Away from Plate for .500 Average—Seventeen Players, Eight Regulars, Over .300 Mark.

THE Portland sluggers had a regular holiday time fattening their batting averages last week at the expense of the Tigers and are out in the lead by a safe margin. Their team clip is .352, while the woebegotten Oaks, who are second, are nineteen points to the bad with a general average of .332.

When the fight becomes thick and things look trembly, these Beavers sure know how to swing on the old horsehide.

The great Gus Fisher is leading the Coast League with the mighty average of .365. Of course, Capt. Dillon, with his .500 average, is out ahead of him. But Dillon stays far away from the plate, leaving good enough alone.

Wilhoit of Venice is at .332. The rangy Tiger, who steps around the bases with such lengthy strides, has proven himself a wonder beyond a doubt. He snaps his fingers at Coast League pitchers just as he did in the Northwest League.

Fitzgerald of the Seals is clouting the pill at .308. The Beaver Kores, the Tiger Elliott and the Seraph Meek are all a deadlock at .305. Daddy Meek, who will not take off his mask for foul balls for fear of tanning his bald spot, is a regular pinch hitter after all.

Seventeen men are hitting over .300. Of these, twelve are regulars.

BIG RACES ON THE LEXINGTON CARD.

WONDERFUL PROGRAMME ARRANGED FOR COMING WEEK.

LEXINGTON (Ky.) Oct. 11.—Light harness racing enthusiasts here are looking forward to a crowded week of contests among the best trotters and pacers in the country at the track of the Kentucky Horsebreeders' Association.

In addition to the regular programme for the week the events postponed from Friday and Saturday are to be decided and this will necessitate beginning the races at an earlier hour than usual. The most important event in the way of honor and monetary reward is the champion stallion stake, trotting, valued at \$5000, which is set for tomorrow.

The Cumberland pacing stake, pacing, valued at \$2500, is set for Tuesday, as is the Castleton cup race, which brings \$3000 and the trophy to the winner. Of sentimental value is the Kentucky for 3-year-olds, which is set for Wednesday.

The Cumberland pacing stake, of historic interest, is the chief feature of the programme for Thursday. Friday and Saturday are reserved. The Billings trophy, a gold cup, will be awarded at the close of the meeting to the trotter taking the fastest race.

CELEBRATION AT BILL JAMES'S HOME.

WHOLE TOWN OF OROVILLE SENT CONGRATULATIONS TO THE WINNER.

OROVILLE (Cal.) Oct. 11.—Oroville was last night quietly celebrating the fact that the town has been put on the map. This is the home of "Bill" James, who shut out the Philadelphia Athletics after letting them down with two hits.

The "I-knew-him-when" club was keeping open house and working overtime to supply all wants. Telegrams were being sent by the dozens congratulating the young Californian on his feat.

The telegraph operator was swamped and had to ask aid from nearby towns. A relief force reached Oroville with extra instruments and soon two wires were doing nothing except wiring "Bill" the exultations of his native town.

James's mother was the recipient of felicitations from the entire countryside and his boys had a hunch that he was a good man because Garry Herrmann was willing to let him go. You know Garry always turns loose the best ball players.

Mack Up Against It.

(Continued from First Page.)

mission for the games here. Tonight they were all gone and he was refusing countless requests. Even President Gaffney of the Boston club and Manager Stallings, who sought him out in the hope of obtaining a few more seats for friends, were unsuccessful.

Seekers for the choice of the 20,000 unreserved seats appeared today. Shortly after two men, who would not give their names, went to the bleachers and hired two boys to remain there until tomorrow morning, sitting on boxes. By sundown a long line had formed, in which boys were most numerous. A cool breeze, which sprang up after dark, following a day of unseasonable warmth, threatened discomfort to the ticket line, but promised better playing conditions for the teams. There were some indications that light showers might fall during the morning hours, but the prospect of a fair playing day was considered good.

The reception to the Braves on their return this morning was enthusiastic. Mayor Curley headed an official committee, backed by 5000 people, who crowded the great train shed at the south station. Every player was shaken by the hand or patted on the back before he could escape.

Manager Mack and his players came in quietly and went to their hotel. They remained there during the day.

RAWLINGS MAKES A HIT WITH STOVALL.

LOS ANGELES BOY ONE OF THE STARS IN FEDERAL LEAGUE.

George Stovall says little Johnny Rawlings, the Kansas City Fed's shortstop, is the best man at the position in the league with one exception. Of course, Mike Doolan is the exception. When asked how he came to pick Rawlings up when the Cincinnati Reds tried to send him back to the minors in a deal, Stovall, in his characteristic manner, replied: "Well, some of my boys had played with him in the Winter League out on the Coast, and they recommended him, but then I just had a hunch that he was a good man because Garry Herrmann was willing to let him go. You know Garry always turns loose the best ball players."

The returning heroes. Art Krueger (above) and Chester Chadbourne, former Coast Leaguers who have just returned from a big season with the Kansas City Federals.

Prize is now the burning ambition of our lives.

La Monce Signs Star.

Mickey La Monce has returned to Los Angeles along with several other well-known ball players who earn their summer wages in the East. La Monce had a fine season with the Buffalo club in the International League, doing the bulk of the catching for the Bisons.

Mickey has rounded up practically all the talent with which he aspires to win the pennant for Brawley in the Imperial League this winter.

Most of these men have been recruited from the International League, and some of them are already on their way to the Coast. La Monce refuses to divulge the personnel of his team at this time, but it was learned from another source that Bobby Keefe, the former Sacramento pitcher, later with Cincinnati, has signed to play with Brawley. Bobby was with Rochester this season.

Federal Leaguers Return.

Arthur Krueger and Chester Chadbourne, the advance guard of a big bunch of Federal Leaguers who will winter on the Coast, arrived in Los Angeles yesterday.

Both are former Coast Leaguers, Krueger having played with the Angels last year, and Chadbourne being an ex-member of the Portland club. Both took what appeared to be a long chance last season and joined the Feds. They played up their western form with Kansas City and had a satisfactory season generally. They say that the Federal League is on the job for keeps.

Brawley Gets Mueel.

Another returning pilgrim is Emil Mueel, the youthful outfielder sent

set by the signing of Oscar Stangor, the stewart Californian, who has been backstopping for Detroit a number of years, and who is Schanz's leading rival for the honor of being the best catcher in the American League. Oscar Vitt, of the same club, will also make the trip, as will Al Koch, the well-known mechanic, and other big leaguers, including Jim Scott.

Jack Bliss, who is rounding up the players for the trip, is now figuring on taking Billy Orr of the Missions. Orr has been strong for the trip all along, and Bliss has about decided that he can use him.

Honolulu is up on her tiptoes in anticipation of the visit. Just received a flamboyant poster from that city announcing in bold red letters that Hap Hogan and his Tigers are coming. The Sandwich Islands are being plastered with these brilliant samples of the printer's art, which are causing all the natives to sit up on their haunches and make observations.

BROWNS CAPTURE ST. LOUIS TITLE.

TAKE FOUR GAMES OUT OF FIVE FROM NATIONAL LEAGUE AGGREGATION.

(BY A. P. NIGHT WRITER)

ST. LOUIS, Oct. 11.—The St. Louis American League team today won the title of "city champions" by defeating the local Nationals, 2 to 1, in the first game of a double-header.

The second game was tied at two runs when called on account of darkness, after the seventh inning. The last game of the series is to be played tomorrow. But the Browns, with a four won and one lost standing, against the Cardinals one won and four lost score, have the local pennant won.

**Velvets Enjoy Greater Favor**

The party included Marcus C. Pemberton, 18 years of age, of the Bachelor Hotel, Fifth and Hill streets, and Fred W. Nickerson, 21, of No. 211 East First street, Long Beach, with Pearl Schaeuch, 21, of No. 211 East First street, Long Beach and Emma Brown of No. 1125 Mignonette street, Long

Bessie and Bessie, who had been drinking heavily since their arrival here, were arrested by the police at about 10 o'clock last night. They were taken to the city hall and held over until morning.

Early Friday morning, according to the story told the police by Nickson, he stole an automobile in Long Beach, which was later reported missing by J. G. Davidson of No. 1059 West Thirty-fifth place, and drove it to this city. He met Pemberton here and the two young men discarded the car and went to the beach.

Young men's coats \$7.50 and up.

Balmacan Hats for Boys—to match the overcoats—\$1, \$1.50 and \$2.

Stocks at Coulter's are truly complete—in both the imported and the American-made weaves; the color range is unbroken, from rich blacks to the softest of pastel shades.

Qualities, it goes without saying, are the best—we will have no others. Word, now of just a part of our showings:

CLASS BABIES  
NEED NURSERY.Mothers Learning to Cook  
Have Apron-strings.Must Find Place for Kiddies  
While in School.Knights of Columbus to Hold  
Dance Tonight.

**PASADENA.** Oct. 12.—When the faculty of the Pasadena High School announced that they would make an innovation in the school work this year and open a class of domestic science for the benefit of the Crown City's housewives, they little realized how many of these married women would respond to the invitation—especially the first day.

The class will open today with thirty pupils, who will come bringing their infants and some perhaps will come with the entire family of little folk—and it's just this that is the new thing. The school, principal of the school, for the mothers have already inquired of them about the manner in which the tots will be cared for during class hours.

The principal has just about decided that when the school of domestic science has made a little program that the faculty will have to make an added innovation and install a nursery. He sees no other way out of it. He believes that this particular class of mothers will reach large numbers before very long.

**CLASS PLAY COMMITTEE.** Frederick Kayser, Dorothy Driscoll and Sara Horcasitas have been chosen by the senior class of the Pasadena High School to select the class play in June.

Heretofore the selection of the play has been left to the last, which caused a great rush and worked a hardship on all the class members participating. At the close of the year more than 300 graduates will receive their diplomas. Last week 293 names had been placed on the list.

**CITY BRIEFS.** The Knights of Columbus will celebrate Columbus day tonight with a dance and reception at their hall at Raymond avenue and Colorado street. Elaborate preparations have already been made to make this the most successful of any of their previous entertainments.

Winners of the travel scholarship prizes for the past summer will speak today at the coronation of the college. Robert Ferguson, who went to Germany and was in Berlin at the outbreak of war, will tell of his trip, especially interesting will be the telling of his experiences in getting out of Germany into Holland.

He was the winner of the Junior prize. Fred Lloyd Poole of Santa Ana, who won the freshman prize, will give a story of his trip in the East. He spent much time investigating the works in the General Electric Company.

The Pasadena Realty Board will give its first dinner and meeting of the season this evening at 8 o'clock at La Cam Grande, which will be the evening of discussion will be held as regards the suggested improvements in the city. C. W. Laffingwell, Jr., will deliver an address on the proposed eight-hour law. It is expected that a number of subjects will be discussed as this is the first meeting of the year.

The six California "dry" meetings, at which members of the Flying Squadron of America will be in charge, will begin their series tomorrow afternoon at the First Methodist Church. This organization is composed of some distinguished speakers and church workers, will cover forty-eight States and will speak in 200 cities in the interest of prohibition. They are making a special tour throughout California before the November election.

MONEY VANISHES  
WITH HIS FRIEND.LONG BEACH MAN FALLS APOUL  
OF DOPPELGÄNGER.

## FESTIVAL CLOSED.

**LONG BEACH.** Oct. 11.—Sidney H. Hand of Long Beach was this afternoon brought into the Police Station, apparently drunk, but on closer examination it was found that he probably had been given knockout drops and later robbed. A doctor found that Hand was suffering from a dose of chloral, which was supposed to have been given him in a drink. Shortly after being taken to the station he lapsed into unconsciousness and is still asleep in the Receiving Hospital next to the police headquarters.

Investigation showed that Hand had come to the beach with a suit of money and with a companion had visited the amusement district. It was also found that he was overheard saying to his companion that he was sick and for him to keep his money for him. A search is being made for the friend, who disappeared before Hand was found by the police. The local police notified the Long Beach department of Hand's condition.

**FESTIVAL CLOSED.** The first California grand festival closed tonight with a thousand costumes, many more than thousands of visitors who did not have costumes, and hundreds of local people. The exhibits on the end of the pier were viewed for the last time by a great crowd.

Tonight the jolly one-day vacationists danced on the pier, play and all sorts of things, and the dancing continued until the early hours of the morning. The costumes were of the most elaborate and the dancing was of the most varied.

**More Trouble.** [Livingston Lane.] Farmer Haystack: I see by these here papers that Cotopaxi is stirring things up again.

Mrs. Haystack: My gracious Hiram, ain't they enough of them European countries warin' now without another fightin'?

## BY SKIFF TO AVALON.

Detachable Stern Motor Used for Quick Trip from Balboa to Catalina Island.

**NEWPORT BEACH.** Oct. 11.—The first successful attempt to cross the channel from the mainland to Catalina Island in a small boat equipped with a detachable stern motor was made on Wednesday from Newport Beach to Avalon by T. O. Jay and J. P. Norton of this city.

The boat used was a local built dory, twenty feet in length and with a five-foot beam, powered by a three and one-half-horse-power detachable motor of less than 100 pounds in weight.

Although some rough weather was encountered in the channel the voyage was made from the mainland to the island without a stop in five hours and twenty minutes. The distance covered, according to the charts, is twenty-eight and three-fourths statute miles and was covered on a half gallon of gasoline and a pint of cylinder oil for the round trip.

**Santa Barbara.**

SUIT BREWING  
OVER CONTRACT.

**OMISSION OF ONE WORD IN SPECIFICATIONS CAUSE.**

**Catch-basin Material not Provided for and Offers Loophole—Angeleno Injured in Auto Accident—Popular Film Actor Married to Santa Barbara Belle.**

**SANTA BARBARA.** Oct. 11.—Although the word "cement" was omitted in the specifications for catch basins in the Valencia-street and the Hollister-avenue paving contracts a suit to force the contractors to sign the contracts for these two improvements is shaping.

The contracts were awarded by the City Council to F. R. Ritchie & Co. of San Francisco. The city attorneys looked over the proceedings, discovered that the nature of the material to be used in the catch basins had been omitted, and, therefore, advised his company not to sign the contract as the specifications were defective.

J. M. Williamson, acting mayor, has called a special meeting of the Council for Tuesday morning, and has wired the contractors that the city will hold them to the terms of the contract. Over \$20,000 is involved.

**ANGELINO INJURED.** C. K. Barnes of Los Angeles is at the Cottage Hospital severely injured in an automobile accident. It is believed his pelvic bone was broken. Mrs. K. T. Laclede, an occupant of the automobile, suffered from cuts and shock. Mr. and Mrs. Barnes and Mr. and Mrs. Laclede were motoring to Santa Barbara when their machine got beyond control and ran into a post.

Wallace Kerrigan, associated with the Universal Film Company at Hollywood, was married last evening to the daughter of the late C. C. Richards of this city. J. W. Richards, brother of the bride and famed Stanford athlete, was best man. Today the couple left for Coronado on their honeymoon.

**CONTRACTS AWARDED.** The Southern California Edison Company has awarded the contracts for the new bath-house which is to replace the structure destroyed by fire last summer. The building will cost \$60,000.

The general contract went to the E. O. Engstrom Company of Los Angeles. The iron work was divided between the Los Angeles Steel and Iron Works and the Baker Iron Works, and the plumbing and heating went to Thomas A. Haverly.

The California Synod of the English Lutheran Church is meeting at Grace Lutheran Church, with Rev. J. E. Hiock as president. Delegates from all sections of California are attending the sessions. Tuesday the delegates will be taken on auto tours of the valley.

SKIDDING AUTO  
COMES TO GRIEF.ORANGE CITY TRUSTEE CUT AND  
BRUISED IN WRECK WHEN  
WOMAN DRIVES.

**LOCAL CORRESPONDENCE.** SANTA ANA, Oct. 11.—An automobile was wrecked at Prospect avenue and East Seventeenth street yesterday when it struck a telephone pole, and C. F. Newton, a City Trustee of Orange, suffered a cut wrist and a badly bruised head.

In the automobile were Mr. and Mrs. Newton, Mr. and Mrs. Newton, mother and son. When she endeavored to turn a corner too fast, the car skidded into the telephone pole, which was broken off and fell across the machine. Mrs. John Newton and Mrs. Brann were thrown into clump of trees. While all were bruised none was seriously hurt.

**ANGELENO SUED.** H. A. Pierce alleges fraud in a complaint filed yesterday against Anna Kuttner, employed in a Los Angeles real estate office. Lots at Huntington Beach worth \$100 are involved. Pierce says that in 1911 he made a deed of the lots to David Getzoff, aged 9, son of Ben Getzoff of Los Angeles, on the father's agreement to pay \$800. The money was not paid, and Pierce thought the deed was destroyed.

It was recorded and last June a deed was made by the boy to his father. Through the father signing as a witness, an attestation to a deed to the father was secured at the office of a notary, Mable B. Larson of Los Angeles. Getzoff deeded to Fred Dornberger, a realty man, and Dornberger deeded to Pierce. Pierce says that the title he declared vested in him.

**NEWS BRIEFS.** D. M. McChyne escaped the penitentiary yesterday being committed to the inmates' department of the State Hospital at Patton. His attorney said McChyne is a victim of alcoholism. He was an expert accountant. His health is ruined by drink and today he pleaded guilty to issuing no-receipt checks.

R. W. McCollum, formerly of Downey, was sentenced yesterday to six months in the County Jail for receiving stolen bicycles at his shop here.

MARKET PLACE  
CASUS BELLI.Formidable Petition Ready to  
Block Council.Commission Lays the Blame  
on Two Solons.Angeleno Party Injured as  
Car Wrecks Auto.

**LONG BEACH.** Oct. 11.—Renewing again the battle between the City Councilmen and the hucksters, who have turned beautiful Pacific Park into a municipal market place, a formidable petition will be presented to the City Clerk tomorrow, which is designed to block the efforts of the Councilmen to oust the purveyors of produce. Late last night the referendum petition contained 1850 names. It must have 2000 before it will become effective in forcing an election on the issue.

Councilmen last night passed at its final reading the ordinance placing the disposal of the market in their hands. At first it was designed to make the ordinance an emergency measure to defeat the efforts of the marketmen to hold it up by an initiative petition. But the legislators changed their minds and the petitioners have the usual thirty days before presenting their petition.

Rather than put the people to the expense of another election, they have decided to force the marketmen to remain in Pacific Park with certain police regulations. In an issue of the market bulletin yesterday, the City Council places the blame for the agitation for the removal of the market from the park on the Councilmen, C. Warren, C. Callahan and Caldwell, although Councilman Farley first introduced the resolution favoring the removal of the market.

**INJURED IN WRECK.** Owing to a field of corn, which hid the view of the approaching Pine-avenue car, there was a bad wreck at the intersection of Pine and Pacific streets this afternoon, in which a large auto was demolished and the occupants thrown from the machine.

Mr. and Mrs. Frank Schaefer, Mr. and Mrs. J. W. Travers, Mr. and Mrs. Cordova, Mr. and Mrs. Warren, and Miss Georgia Warren, all of Los Angeles, were in Travers's car, going on Thursday morning. The car drove into the trolley tracks and neither the fast-approaching car because of the tall corn. All the occupants of the car were taken to the Santa Barbara hospital after the accident. Mrs. Warren was the worst injured. She suffered a fractured left leg, a broken arm and a fractured right arm. The other sustained minor cuts and bruises.

**BEACH BRIEFS.** The first frosts of winter residents in California are beginning to feel. The first frost of the season was felt here yesterday. The first frost of the season was felt here yesterday. The first frost of the season was felt here yesterday.

**BUILDING CUT-OFF.** Construction crews are working on the cut-off on the Los Angeles-San Bernardino line from Lodi to North Pomona, all of the rights of the Steamship Company. The construction work will be finished by November and then twenty minutes of the interurban cars from Los Angeles to San Bernardino.

This cut-off will do away with the charter of the interurban cars from Lodi to North Pomona before turning to Claremont and then to San Bernardino. The interurban cars from Lodi to North Pomona will be built for the convenience of the patrons of the road.

**CROP REPORTS OF THE SOUTH.** POMONA, Oct. 11.—The orange associations of Pomona Valley affiliated with the San Antonio Fruit Exchange are shipping through the exchange daily now an average of ten carloads of Valencia oranges. There are about 150 carloads of Valencia yet to be shipped to the East through the San Antonio exchange and these will probably be sent to market early next month.

While the prices received are not ruling high the growers will make a profit on their fruit. The packing-houses will be ready to receive the fruit as it comes in. The growers are making a profit on their fruit. The packing-houses will be ready to receive the fruit as it comes in.

**HIGH YIELDS.** OXNARD, Oct. 11.—The record yield of lima beans, in a season of almost uniformly high yields, seems to belong to M. J. Ely, who harvested 1815 bags from forty acres in Pleasant Valley near Oxnard. The record was set in 1909, when he harvested 1815 bags from forty acres in Pleasant Valley near Oxnard.

**HEAVY CROP.** AZUSA, Oct. 11.—As a result of one of the heaviest crops in this part of the country, the Azusa citrus growers are receiving about 200 carloads during the season and 200 carloads of lemons. The packing was begun early in January, and with 200 carloads of Valencia still to be shipped it will be late in November before the close of the season. C. C. Mills, secretary of the company, expects to receive about the next season's crops would be some time in December.

**EARLY ESTIMATES.** PLACENTIA, Oct. 11.—The Placentia Preserving Company is employing fifty-seven people at the cannery. The company expects to receive about the next season's crops would be some time in December.

CHARTER DISPUTE  
IS WAXING WARM.FREEHOLDERS CRITICIZED WITH  
ABANDON BY LECTURER.

## CONTRACTS LET.

**ALHAMBRA.** Oct. 11.—That the charter election to be held in this city Wednesday will be a hotly contested affair is indicated by the activity of the citizens in their discussions for and against the proposed charter submitted to the people by the Board of Freeholders elected this spring to prepare the document.

The different improvement associations of the city have been addressed by W. M. Northrup, one of the freeholders, Senator Thompson and others on the provisions of the charter regarding the schools and the liquor question. The attendance at these meetings has been large, showing the interest taken in the matter.

J. C. Ambrose, a retired journalist and lecturer, living on North Garfield avenue, has had more fun than any one else at the expense of the freeholders, pointing out the alleged inconsistencies of the charter. Regarding the city manager plan, favored by it, he says: "With a manager and a president to look after things in the city there will be a very serious conflict of interest. The manager will be cashiered. The scheme of the charter is a multiplicity of offices, with salaries paid to the holders of the offices. And half the families of the city of Alhambra will have to pay at least \$2000. That means his pals may give him \$10,000. He should be a very competent civil engineer of adult years and of experience in municipal affairs; a man of high-class education, who speaks English; a man for Alhambra to feel proud of on public occasions. And there is not such a man in the city."

HAPPY REUNION,  
MOTHER AND SON.AFTER MANY YEARS CLIPPING  
FROM PAPER FINDS  
THEM TOGETHER.OCEAN PARK, Oct. 11.—With a  
candle burning all day long as a  
homeward beacon for her son, and a  
token of her longing to see him, Mrs.  
Mary Maley, a Spanish woman, keeps  
vigil for him at her little home, No.  
418 Third street. Meanwhile the son,  
Francisco, is riding in and out of  
Southern California in search of his  
mother.

This paragraph clipped from a newspaper of July 17, 1911, has caused the happy reunion of a mother and her son who had been separated for nearly thirty years. The story is pathetic, and the irony of fate is shown by the way in which the mother greeted her loved boy last evening at her home. It was escorted by Detective Fred Rios in the police automobile. The happy mother even hugged the detective for bringing back her wandering son. It was the most impressive scene that the officer had ever seen, he relates, and says further that the mother and son were still embracing each other when he left.

The son was 4 years old when the mother parted with him. That was thirty years ago, she related, when she was left a widow and compelled to work to support the little boy. She was unable to care for him and on the advice of friends sent him to an orphan's home in Los Angeles, the location of which she does not know.
